To

The Deputy Commissioner,
Bangalore District.

Ibalur Rifle Range.

Dear Sir,

I forward herewith a plan of the Rifle Range proposed to be formed at Ibalur. The Military Authorities ~~put~~ have ~~down a bore-hole~~, as you are probably aware towards one side of the Range and they intend to construct a high-level ~~xxxxx~~ tan at the point shown in the map. The area required to build this high-level ~~xxxxx~~ tank is 40 X 40 feet and as the Military Authorities wish to take up construction of the tank on the 1st January they request this Government to let them have the possession of the land before that time. It is understood that some Ragi has been cultivated on the site and if necessary the Military Authorities are prepared to pay a ~~small~~ reasonable compensation ~~that may be found to be reasonable~~. Will you kindly let me know at once whether the can be given possession of the site in question

Further, they ~~xxxx~~ desire to have ~~propose also to have the right of~~ access from the road to the proposed high-level tank along the dotted line shown on the map. It is understood that for the greater part of ~~xh~~ this track there is nothing but lantana.

But

But at one particular point there seems to be some little bit of cultivation. The Military Authorities ~~promise~~ are willing to ~~that they will~~ pay compensation for any damage that would be caused to the owner of this land by their being permitted to have access to the area in question

I am to ask you to kindly send me a reply to this letter at your earliest convenience. The plan may be kindly returned

Yours sincerely,

22/11/30

~~(Offg. Chief Secretary.)~~

D. O. No. C.5-96/28-29 with plan.

Dated 4th December 1930.

2016
PP 90-27-45

Dear Mr. Ranga Rao,

With reference to your D.O. letter No. 2310/P.P. dated the 29th November 1930, forwarding a sketch of the ground proposed to be acquired for Military purposes in the Village of Ibalur and asking whether access could be given to bore-well sunk by the Military and what the crop compensation would be etc., I write to inform you that the parties are agreeable to allow access to the bore-well over the land pending the award and the crop-compensation would be Rs 17-14-0. A copy of the Amildar's report in the matter is enclosed herewith for information.

5/12/30

Yours sincerely,

R. Ranga Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of Mysore,
Bangalore.

Copy of report dated the the 2nd December 1930, from the Amildar, Bangalore Taluk, to the Deputy Commissioner Bangalore District, Bangalore.

Subject:- Acquisition of lands of Agara and Iblur of Begur Hobli, Bangalore Taluk for shifting the Rifle Range.

With reference to your No. C.5-96/28-29 dated the 1st December 1930, on the above subject, I beg to submit that the crop compensation payable for the portion of land required for the construction of a high level tank, a bore-hole and the pipe lines amounts to Rs 17-14-0 according to the Mahazar drawn up and enclosed herewith. The statements of Mr. Krishnappa Reddi and Mr. Nanjundappa who are the owners of bits of lands required for the above pupposes are obtained and submitted herewith. They are willing to take up the crop-compensation proposed and to allow the required constructions pending the payment of compensation payable to them for the lands under acquisition. The crop compensation of Rs 17-14-0 proposed as detailed in the enclosed statement appears to be quite reasonable and may kindly be recommended.

As regards the access from the road to the proposed high level tank along the dotted line shown on the map I beg to submit that a portion of the path runs on Government Gomal land with some lantana growth and no crop compensation is necessary to bepaid. The remaining portion runs on the lands of the above mentioned persons. They require no compensation for the pathway in their land provided that access to the high level tank is had only along the dotted line shown in the map.

As there is horse-gram crop now all round the access road and the proposed bore-hole and high level tank area - they pray that the crops on the lands other than the portions

portions required for the above purposes may not be damaged and that in case the crops or other portions are damaged a reasonable additional crop compensation for such additional extents may kindly be paid to them.

The plan of the Military Department and the connected file are herewith resubmitted.

Bangalore.

Water Supply Ibalur Range Camp.

Sir,

With reference to the conversation of my Garrison Engineer, E.& M. (Major White) with you on 29th November 1930, I have the honour to enquire when I may expect the return of the Plan of Ibalur Range Camp showing the position of Storage Tank and the approach road to it, with your concurrence.

I have the honour to be,

Sir,

Your obedient servant,

G.C.V. Hunter

Lieut.Col.R.E.

Dear Sir,

About 10 days ago Major C.C.S.White, A.C.R.E., saw me with a map of the proposed Rifle Range at Ibalur and told me that the Military Authorities were anxious to take possession of the plot of land marked A.B.C.D. on the map as they wish to put up a high level tank there, and ~~wished~~ propose to start work by the beginning of January. From the enquiries made by the Deputy Commissioner, Bangalore, it is understood that the parties are agreeable to allow access into the land in question to the Military Authorities. A copy of the Deputy Commissioner's letter in the matter is forwarded for your information.

Further, necessary arrangements will be made to place the land in the possession of the Military Authorities as soon as I hear from you as to the date on which the Military Authorities wish to take possession of the land.

Yours sincerely,
